

MHSA ATHLETES' HALL OF FAME

Bob Hawke (1965)

Butte High School

Inducted 1993

Hawke lettered four years in track at Butte High School. He is the only high school athlete in the history of Montana track and field competition to set a state record four straight years, as he was the state champion discus thrower every year. Hawke also won the shot put state championship three years and each time extended the state record. As a senior in 1965, Hawke set a discus record that stood for 17 years. The same year he set a state shot put record and that record stood for 15 years. In his four years at Butte High, Hawke scored more than 400 points and was unbeaten in the discus. Hawke went on to compete in the weight events at the University of Wisconsin. He was the Big 10 shot put champion in 1967.
