

ANNOUNCING A NEW PARTNERSHIP

Effective immediately, the MOA and the MCA are pleased to announce the onset of a new and exciting partnership. MOA members can now become associate members of the MCA. This partnership will be beneficial in many ways.

The annual MCA Clinic in Great Falls will:

- Allow an exchange of information in a clinic setting that encourages a positive dialogue between coaches and officials.
- Promote sportsmanship by creating an opportunity for coaches and officials to interact prior to the beginning of the season.
- Provide a central location for and help to finance “train the trainer” mechanics clinics.
- Allow MOA officials to participate in MCA clinics for training and teaching purposes.
- Provide a shared forum for coaches and officials for exchanging ideas and concerns in order to improve the opportunity for student athletes to positively and fairly compete.

Your MCA associate membership card will also grant you admission to regular season contests at participating high schools and colleges to aid in recruitment, evaluation and mentorship.

If you would like to take advantage of this opportunity, please enclose an additional \$30 for MCA associate membership with your MOA dues and registration.
